#### **TESTIMONIALS**

"This is a totally new approach. I had detectives talk to me about cases we're working on together, saying, 'We can do this different... We can add this... I can ask this question.'" - Prosecutor, Idaho

"I've been to your training but my new detectives haven't. I've told them about it, and they all want to use these methods in their cases. It's a game-changer in how we work with victims, investigate and prosecute offenders, and care for ourselves. I hope to get them to a training soon." - Sergeant, Idaho

"After 2 days in court, all 3 girls testified, I thought I had a chance – my word against theirs. But then, [the MDT] tied it all up in a nice, neat bow [using BHT's work]. I knew right then, I just got [caught]."  
- Offender, Idaho
